WDP is the market leader in Belgium as well as a European player, prominent in the logistics axis of Rotterdam-Brussels-Antwerp-Lille-Paris. WDP is also building up a strategic portfolio in the Czech Republic and Romania. WDP is quoted on the stock exchange in Brussels and Paris. It is a transparent company with great financial clout. Joining forces with WDP also means choosing a long-term relationship. We're not just any old real estate letting company. We are your real estate partner.

Priority markets

Alongside Belgium, its home market, the Netherlands and France have traditionally constituted WDP's principal priority markets. Most of the properties and projects are therefore in prime locations in the Breda-Antwerp-Brussels-Lille logistical heartland. WDP is aiming to have a dominant presence in this Western European logistics corridor in order to be able to provide optimal service to its clients. WDP is continuing to expand its portfolio in order to be able to meet the extensive demand, which will be sustained in the future owing to the presence of major ports such as Antwerp and Rotterdam and the high purchasing power of this densely populated region. WDP's second growth region is Central Europe. It is already present in the Czech Republic and Romania.
